

WINCHESTER WOMAN FILES  
SUIT FOR \$5,000 DAMAGES.

Mrs. Sara Snowden, of Winchester, filed suit in the Clark Circuit Court against G. Lee Wainwright, owner of the Roxa Cola factory in that city for \$5,000 damages. She alleges that by the negligence of Russell Osborne, who was acting as agent for Mr. Wainwright and was driving his auto truck, the horse she was driving became embroiled. She says her right ankle was sprained, her left shoulder bruised and her back permanently injured. She charges that Osborne failed to heed her efforts to get him to stop the auto until she and her son, who accompanied her, could drive by. The accident occurred last August.

DYNAMITE ROAD ROLLER  
IN HARRISON COUNTY.

An attempt was made a few nights ago by unidentified persons to dynamite the steam roller being used by Harrison county on turnpike repairs. The machine was at work near Shady Nook. The explosion occurred about 9 o'clock, and was heard for nearly a mile. The charge was placed on top of the big steel roller in front of the machine. The damage was not heavy. The Harrison Fiscal Court has offered a reward of \$50 for the apprehension of the dynamiters.

CORPORATION CANNOT ACT  
AS INSURANCE AGENTS.

Attorney-General Garnett, in an opinion given the State Insurance Department, Friday, holds that corporations cannot act as agents for insurance companies in Kentucky.

John Adams, Richard Spaulding and James Bell planned an incorporation known as the "National Underwriters," to act as agent for insurance companies, and submitted the question of getting a license to the department. Attorney-General Garnett holds that a corporation acts through its agents and the agents of the National would not be the agents of insurance companies unless authorized directly by the insurance company, in which case the underwriters' corporation would cease to exist.

CHILDREN HATE OIL,  
CALOMEL AND PILLS.

"California Syrup of Figs" Best for  
Tender Stomach, Liver, Bowels.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics? How you hated them, how you fought against taking them!

With our children it is different. Mothers who cling to the old form of physic simply don't realize what they do. The child's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.

DON CHENAULT IS  
SOLD TO AUSTRIAN.

Isador Schlessinger, the Austrian buyer of American race horses, Thursday added Don Chenault (2:05 1/4), to the string he will ship from Lexington to New York next week to go to Vienna. The purchase of Don Chenault was made from U. G. Young, of Charleston, W. Va., through trainer Harry Stinson, but the price was not given out. Schlessinger's other purchases are Cheeney, 2:04 3/4; Marigold, 2:07 1/4; Lillian Arnold, 2:09 1/4; Myrtle Grannett, 2:09 1/4; Alfreda Todd, Douglas McGregor, Society Baroness (in foal to The Harvester) and the thoroughbred running stallions Aylmer and Seville. David M. Look sold half a dozen of his Castleton trotters to Schlessinger.

TAX LAWS IN KY.  
CAUSES EVASION

Present Unsatisfactory Laws  
Responsible for Small  
Returns

Retard Development and Lower Standard of Integrity—Efforts to Secure a Better System of Taxation Has Been Persistent for Fifteen Years.

Frankfort, Ky.—(Special)—The efforts to secure a better system of taxation for Kentucky have been persistent for fifteen years but owing to the ironclad restrictions in the state constitution it is exceedingly difficult to secure any change.

Tax commissions have repeatedly been appointed by authority of the legislatures and these commissions have unanimously condemned the general property tax which was adopted by the last constitutional convention and as the law is constitutional it has been impossible for the legislature alone to repeal it.

However, the last general assembly undertook to amend the constitution as provided by law and this amendment will have to be ratified by the people at the November election and if it fails to carry it cannot be voted on again for another five years.

The effect of the present law is to drive people and money from the state and to prevent other people and money from coming in and building up our industries.

This is how the general property tax is regarded by outsiders as indicated in a report of a commission appointed in another state and it applies in all respects to our present tax system.

"The personal property tax is a farce. It falls inevitably upon the comparatively few who are caught. The burden it imposes upon production is out of all proportion to the revenue it produces.

"Year after year state and local assessing boards have denounced it as impracticable in its workings and unjust in its results. These recommendations have for the most part passed unheeded or have led to ineffectual attempts to bolster up the law. It is time the situation was faced squarely, and the tax in its present form abolished.

"So far as the personal property tax attempts to reach intangible forms of wealth, its administration is so comical as to have become a byword.

"Such a method of collecting revenue would be a serious menace to democratic institutions were it not so generally recognized as a howling farce.

"But it is not a farce to those who are fully assessed. These are chiefly the widows and orphans who are caught when their property is listed in the probate court, farmers, retail merchants and others, incorporated or unincorporated, with stocks of goods, and the small investors who are not skillful enough to make non-taxable investments."

The state referred to has changed its tax system and already the receipts from taxation have increased enormously and the peculiar effect of it has been to lower the taxes on lands and improvements by securing a greater revenue from personal property which had formerly produced little or no returns.

Kentucky must increase its revenues to keep up its schools and public institutions and it would be manifestly unfair to make the property at present paying taxes sustain this added burden, but under the present law there is no other recourse.

If the amendment carries and the legislature is empowered to classify property so as to bring under the assessor's scrutiny the vast amount of personal property now escaping taxation the revenues can be increased and taxes on lands and houses diminished and what is more important than all we will be able to develop our resources, maintain our population and attract capital and people who will help to build up the state.

Ohio has recently changed its tax laws and has already been benefited and Tennessee is about to renounce the general property tax. Other states have either long since abolished it or are preparing to do so.

The present system in Kentucky was popular when the country was young and wealth largely confined to real estate which could not be hidden.

Wealth is now largely in personal securities which the assessor can not locate and in consequence this class of property escapes almost entirely.

Can we afford to neglect this great question and yet hope to compete with neighboring states which are less favored than ours naturally but have the advantage of cheap money and low taxes?

If the amendment fails to carry the next census will show that Kentucky has moved down another peg or so in its standing among the states and those at present paying taxes will inevitably have to pay more on the same property while others will escape by hiding their personal property from the assessors.

## Truck Replaced Three Teams

In eleven months this three-ton Kessel-Kar Truck covered in actual service 4,760 miles at a fuel cost of \$1.08 per day. Manned by a driver and one helper, it replaced three teams of horses. The average daily burden was 37 17.20ths ton carried an average load of four tons—one ton overload—but in the entire period named, was laid up only two and one-half hours for repairs.

"We can recommend the Kessel-Kar Truck and assure that it lives up to its guarantee," writes Thomas E. Fleischer, manager of the Sheboygan Lime Works.

Two and one-half hours for repairs, carrying over 37 tons per day is a record worthy of notice. Kessel-Kar Trucks cost little to maintain and are economical to operate because the problem is solved in Kessel-Kar construction.

Note these striking Kessel-Kar features—Simple engine—easy to operate—reserve power—excess capacity—differential lock preventing one drive wheel absorbing all the power on slippery places, and stalling the truck—four speed transmitters geared up—fourth speed permitting high speed when desired without racing engine; 15 to 20 per cent. lower fuel consumption than average trucks—light spring suspension for power plant, heavy spring suspension for load—gauge that weighs load—greatest accessibility—easy control—larger brake drums, and extra powerful brakes—special bodies designed to meet every need.

## CHRONIC DYSPEPSIA

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman street, Hornellsville, N. Y. For sale by all dealers. (adv) (Oct.)

A congress of physicians in Rome has adopted a resolution, according to a press dispatch, stating that the recent increase of tuberculosis is in part due to the fashions in women's dress.

NERVOUS TROUBLES  
DRIVE AWAY HAPPINESS

Tona Vita Will Quickly Drive Away  
The Nervous Trouble.

People who are all run down in health, who are worn out, nervous and half sick, are apt to be thoroughly discouraged. They are half-hearted, listless and depressed and feel that this is a terrible world with many pains in it and few pleasures.

This state of mind is recognized by physicians as a common symptom of nervous debility.

If you are one of the many Americans who are suffering with nervous breakdown or nerve exhaustion, you can get back your old health and spirits in a few weeks' time. Go to your druggist and obtain a bottle of Tona Vita. This remarkable tonic is helping thousands back to health and it will not fail in your case. In fact it never fails. You will be astonished how quickly it will build you up both in mind and body.

Tona Vita is sold by Chas. E. Butler & Co. (adv)

## HAS BIG SKUNK RANCH.

Raymond Fields, a seventeen-year-old boy living near Palmouth started last spring with five skunks, and he now has a lot of thirty-six. He says that they are not any more trouble to raise and take care of than chickens. He feeds them on milk, apples and other fruit. He is so well pleased with his venture that he is preparing to enlarge his ranch, so he can raise several hundred.

If we could see ourselves as others see us we couldn't believe our eyes.

## THE TEST OF MERIT

Paris People Are Given Convincing Proof.

No better test of any article can be made than the test of time and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proofs of the merits of this remedy could you demand than the statement of a Paris resident who used it successfully and tells of lasting results.

Read the following:  
Mrs. Laura L. Lair, 1022 High St., Paris, Ky., says: "I had rheumatism and my kidneys were irregular in action. I suffered from backaches and headaches and at times was dizzy and nervous. A neighbor advised me to try Doan's Kidney Pills and I did. They made me strong and well. I have had no sign of kidney trouble since. I gladly confirm the statement I gave praising Doan's Kidney Pills at the time the cure was made."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## HORSE MEAT

Must Be Used For Food Unless Beef  
Production is Increased.

Horse steak, rare, well done, or medium, will be the diet of the American meat eaters within the next few years unless something is done right away to increase the production of beef cattle. This is the opinion, expressed by an authority. Because of the decline in beef production," said he "the French and Germans were compelled to fall back on horse meat several years ago. The American people will have to do the same unless immediate steps are taken to populate our Western ranches with cattle. The supply right now is far below the demand and conditions are getting worse daily. There are a number of reasons for the decrease of live stock production. One of these serious causes is our vicious tenant system. Then, again, our population is increasing at a much greater ratio than our production of live stock."

If the girls keep on taking 'em off Mary Garden and Gertie Hoffman will seem awfully tame this winter.
